

# Depswa, This Time

I want to hurt you and don't know why  
Though i know it's not like me  
I can not help it, though I try to keep you away

All this time i thought I knew who you were  
But this time all your words were just lies for demise  
And your thoughts were found unpure  
So when push comes to shove i found reasons  
To not work it out or relate  
And get off on the fear that i get when your near  
And the problems that I create

This time, I think you'll finally see  
This time, I will not break  
This time, I'm smart enough to know  
There is only so much I'll take

This time, I'm gonna make change  
This time, you're in my way  
This time, I will not play the same head trip on me game that you play

Unresolved situations escalate  
Inside something brings me to push  
To find out what you can take  
When we run out of love and change seasons  
With our lives together at stake  
I'm aware of tears that I give when your near  
And the confusion that I make

[Chorus]

I want to hurt you and dont know why  
I can not help it, though I try to keep you away

[Chorus]

I want to hurt you  
I don't want to lie
