

# Deranged, Unleash My Hunger

[Music: J. Axelsson, R. Wermn / Lyric: P. Gyllenbck]

Unleash my hunger  
Drawn up entrails  
Through the stomach  
And hiss them out between the tooth

Thundermother play your drums  
Let the bubbles float and burst  
Sell me a piece of your holyground  
And my mind shall never weaken  
Drain my, humiliate me / In menstrual blood

Unleash my hunger  
Drawn up entrails  
Through the stomach  
And hiss them out between the tooth
