

# Dermot Kennedy, Rome

so, what's the past for ?  
I'll need it if love don't last long  
you can run around infinite in my head  
you can't see  
i'd stay if you asked me  
now you know I care  
but it's hard to tell when you're scared

but last night  
it hurt me to hear you say it felt broken  
and even though I tried  
all these memories run my mind in slow motion

do you remember when  
midnight drives when you'd sing  
I'd play you songs you were in  
I just want to be there again  
do you remember when  
whit Rome below us that day  
you said: I wish we could stay  
I just want to be there again

remember that frst laugh?  
all it changed once I had that  
like a hurricane, but I don't care where I land  
so , dance carefree  
I hope it's easier knowing me  
now, your soul is yours  
but I'll help it move if I can

but last night  
it hurt me to hear you say it felt broken  
and even though I tried  
all these memories run my mind in slow motion

do you remember when  
midnight drives when you'd sing  
I'd play you songs you were in  
I just want to be there again  
do you remember when  
whit Rome below us that day  
you said: I wish we could stay  
I just want to be there again
