Destiny's Child, Eden's Crush

"Get Over Yourself"
By: Eden's Crush
Written By: David Yarrowly and Anna Larson
Un-huh - yeah - yeah
I get over, I get over -
Listen -
Verse 1
Yeah I was right there like a little "wife",
I was everything that you need always in line.
I was living you, loving you - feeling your desires.
But that was then - this is now - look at me in the eye.
Oh Oh Oh Oh
If Love could choose sides
Oh Oh Oh Oh
It's taking mine - so.
Chorus:
Get over yourself, goodbye
It must be hard to be you - yeah - living in your life,
I was always the one to cry - now everything, everything, everything is alright.
Get over yourself - know why,
because without you - you see I do, anything I like -
Sometimes I'll stay out all night
and everything, everything, everything is alright.
Verse 2
This cannot be it - I kept telling myself,
that every magazine said it was me that was on the shelf
I was giving out, giving in, giving away my dreams - right.
While you put it in, put me down - now I found myself - esteem.
Oh Oh Oh Oh
You won't get me back
Oh Oh Oh Oh
You think I just overreact - oh well...
Chorus
Get over yourself - goodbye
It must be hard to be you - yeah - living in your life,
I was always the one to cry,
now everything, everything, everything is alright.
Over yourself know why,
because without you, you see I do - anything I like
I will stay up all night - now everything,everything, everything is alright.
Verse 3
Now you wanna talk,
you say let's do it just once more for luck,
like old times made up.
Better yet, Better get, Better get over yourself.
Stay in touch -when you learn a few things about love,
until your mind is made up.
Better yet, Better get, Better get over yourself.
Chorus
Get over yourself goodbye,
it must be hard to be you -yeah
living in your life, I was always the one to cry,
now everything, everything, everything is alright.
Get over yourself, Know why.
Because without you, you see I do - anything I like
Now everything, everything, everything is alright
Repeat Again.
End.
