

# Devendra Banhart, Freely

It ain't about a heart you find  
It's about the one inside  
It's about the love you hide  
It's waitin' to be let outside

And it ain't about losing your mind  
But if you happen to, that's fine  
But there's only one way to shine  
And it's called trying to live

Freely, freely meu coracao  
Freely, freely meu coracao  
I'd like to live that way  
I'd like to live that way

And my mother may not understand  
Why I'm the way that I am  
But i love her and I wanna let her in (do you love her?)  
Get to know a friend

And now we gotta take some time  
Get to know each other our whole lives  
And I call on you to remind  
Nothing's really mine  
Except for

Freedom, freedom en meu coracao  
Freedom, freedom en meu coracao  
I'd like to live that way  
Oh I'd wanna stay stay that way

You ever seen anything as kind  
As the wind blowing by  
I've never seen anything as wise  
As the sun rise that shines

Freely, freely en meu coracao  
Freely, freely meu coracao  
I'd like to live that way  
Oh I'd wanna live that way
