

# Diana Ross, Is This What Feeling Gets' (Dorothy'

(Quincy Jones/Nickolas Ashford/Valerie Simpson)

Feeling?

Feeling?

Swear to God this is more than I can deal with

Thinkin' back on that old song

Where did I go wrong by caring and sharing

Mean together no matter

I can't stand not knowing

Is this what feeling gets

A hope for happy endings?

Alone and scared

Something I don't want to be

What did he see when he looked inside of me?

If this is just a dream

How come I feel like screaming?

This is the real world

Gotta do what you must, girl

Well

Can I?

Can I?

Is this what feeling gets?

So is there a happy ending?

There's nothing here but the fear of

Will I try?

And can I stare it in the eye

Not ever knowing why?

Please

Please

Can someone tell me why?
