

# Diana Ross, Only Love Can Conquer All

They tell us it's better  
That people should stay with their own kind  
Divided by colour, afraid to be hurt by the other (yeah)  
What if we try talking  
We'll see we're the same on the inside  
Can't let it, can't let hatred rule  
Let your love in

Only love can conquer all  
Only love can break down the walls  
Only love can conquer all  
Only love (only love)  
Only love (only love)  
Oh yeah

The wheel keeps, keeps on turning  
We pass all our fears to our children  
Rule the playground  
The lines are all drawn into colours (yes)  
What if we, we try harder  
What if we reach out to each other (to each other)  
Can't let it, can't let hatred rule  
Let your love in  
Let your love in

Only love can conquer all  
Only love can break down the walls  
Only love can conquer all  
Only love (only love)  
Only love (only love)  
Oh yeah

Only love can conquer all  
Only love can break down these walls  
Only love can conquer all  
Only love (only love)  
Only love (only love)

Only love  
(Only love)  
Only love  
(Only love)  
Only only only  
Only love  
(Only love)  
Only love  
(Only love)

Only love
