

# Diana Ross, We Stand Together

(N. Rodgers/G. Smith)

Stand up, stand tall, and be counted  
Divided we fall, together we stand, together  
Our love has all never doubt it  
Alone we fall, together we stand, together

When we're playin' the game of life  
What we pay is a heavy price  
If you choose the wrong path  
You will lose, that's so right  
Be prepared, you might have to make some sacrifice  
I can feel we can make it  
I believe, when there's no longer separation, we'll succeed  
Here's a chance, better take it  
Time won't wait for us, everyone come on

Stand up, stand tall, and be counted  
Divided we fall, together we stand, together  
Our love has all never doubt it  
Alone we fall, together we stand, together

I'm afraid we will never learn  
that's why I'm sayin' I'm so concerned  
Turn around and look, this court is adjourned  
Before we get beyond the point of no return  
Leave us not be forsaken  
Let me speak my peace  
The pen is mightier than the sword, or so it seems  
Here's a chance, better take it  
Time won't wait for us, everyone come on

Stand up, stand tall, and be counted  
Divided we fall, together we stand, together  
Our love has all never doubt it  
Alone we fall, together we stand, together

On the stage of a theatre  
A production of all the feelings  
That we're feeling all surrounding us  
In the words of a playwright  
One is not enough  
To experience the act called love  
Called trust-called love-called trust
