

# Diana Ross, What A Wonderful World

&quot;This is a song  
It's about our world  
It's about our environment&quot;

I see trees of green  
Red roses too  
I see them bloom  
For me and you

And I say to myself  
What a wonderful world

I said to myself  
What a wonderful...  
&quot;You say it&quot;  
...world

&quot;I love you&quot;
