

# Diana Ross, What Can One Person Do

(N. Rodgers/G. Smith)

What can one person do  
More than a little bit  
More than a little bit

Can I fight the battle  
All by myself  
Can I make a miracle happen  
As long as I can think  
And got my health  
I'll never stop  
I'm too strong for that

What can one person do  
When it's one like you  
When it's one like me  
What can one person do  
When it's one like you  
When it's one like me

Everyone's gotta move  
What they can move  
The faithful can sometimes move mountains  
When your faith is right  
You will never lose your heart, your hope  
Or your good friends  
Don't be overcome by frustrations  
Live up to your highest expectations  
I'm tellin' you just for your information  
Just for, just for your information

What can one person do  
When it's one like you  
When it's one like me  
What can one person do  
When it's one like you  
When it's one like me

What can one person do  
When it's one like you  
When it's one like me  
What can one person do  
When it's one like you  
When it's one like me

Looked into my soul and suspected  
That I'm gonna take, gonna take on the unexpected  
Walked into the fire unprotected  
Walk into the fire

What can one person do  
What can one person be

What can one person do  
When it's one like you  
When it's one like me  
What can one person do  
When it's one like you  
When it's one like me

What can one person do  
When it's one like you  
When it's one like me

What can one person do  
When it's one like you  
When it's one like me

What can one person do  
When it's one like you  
When it's one like me  
What can one person do  
When it's one like you  
When it's one like me
