Diana Ross, You're All I Need To Get By

(Nickolas Ashford/Valerie Simpson)

When I was just a little girl I wanted the world at my feet Now all that's changed 'Cause I have love And now I do can see You're all I need to get by

Like the sweet morning dew
I took one look at you
And it was plain to see
You were my destiny
With arms open wide
I threw away my pride
I'll sacrifice for you
Dedicate my life to you

I will go, where you lead Always there in time of need And when you lose your will I'll be there to push you up the hill There's no, no looking back for us We've got love Sure enough That's enough

You're all I need to get by All, you're all I need to get by

Like an mother protects his nest For you I'll do my best Stand by you like a tree Dare anybody to try to move me Darling in you I found Strength where I was torn down Don't know what's in store But together we can open any door

Just to do what's good for you And inspire you a little higher I know you can make a woman Out of a soul that didn't have a goal 'Cause we, we got the right foundation And with love and determination

You're all I want to strive for and do a little more All, all the joys under the sun wrapped up into

You're all I need to get by All, you're all I need to get by
