

# Die Antwoord, I Don't Need You

[Hook 4x]

I don't need you  
I don't need you  
You're like see through  
I don't see you

[Verse 1: Ninja]

I'm a playa  
Folding paper  
From the golden acre  
To the overseas  
Move over please  
The overtaker  
Hot boude shaker  
The fucking answer  
The fucking last year  
Dit was lekker maar dis nou klaar  
You got your pat on the back but you can't fuck with the Roger Ballen of rap

[Pre-Hook: Ninja]

Don't speak to me  
Did somebody say something  
With the bass pumping  
The place jumping

[Hook 2x]

[Verse 2: Ninja]

Wat?  
Fuck all  
Exactly  
Yo, you nasty (Yeah)  
I'm nasty  
I've got the ice cream  
Cherry yogurt  
Yeah you know it  
Want a lick of my ice cream  
Suck  
I'm a lucky ducky  
Happy go sucky fucky

[Pre-Hook]

[Hook 2x]

[Verse 3: Ninja]

To all our mense  
That been down with us  
Since day one  
I fucking love you  
To all the other ones  
With no fucking face  
I don't love you  
I'm above you (naturally)

[Hook 4x]

[Outro: Ninja]
