

# Die Antwoord, Liewe Maatjies

[Intro: Ninja]

This is it  
A whole lot of blood, sweat, and tears  
But it paid off, I finally made it  
Here I am, living the dream

[Verse 1: Ninja]

Relax your shoulders  
Skud jou motherfucking boude  
Grab your phone, take a picture  
When you see Yo-Landi Visser and the Ninja  
Life's tough, hard times can kill  
Sometimes I grab the microphone and go ballistic  
Sometimes I grab the mic and skop it like a chill  
This one's going out to all my gangsters  
Dik getinte vensters  
Kwaai spoilers  
Gedropte suspensions  
Spiff rims en kak gevaarlike engines  
All I wanna do is zoom zoom zoom  
Met 'n poes every doem doem doem  
Die Antwoord's n mindfuck soos die fokken Matrix  
[?] goosebumps when the bass kicks

[Hook: Ninja]

Hello all my liewe maatjies  
(Our zef flows get so deep, Die moederfucking Antwoord het jou lief)  
All my gangsters, all my laaties  
(Our zef flows get so deep, Die moederfucking Antwoord het jou lief)  
Hello all my liewe maatjies  
(Our zef flows get so deep, Die moederfucking Antwoord het jou lief)  
All my blacks, all my coloureds, all my whities  
(Our zef flows get so deep, Die moederfucking Antwoord het jou lief)

[Verse 2: Ninja]

What's up bru, I got the good stuff  
I can get you hooked up  
My lullabies float like a butterfly  
Sting like a poesklap  
There's a heavy calm in the middle of my storm  
Geen fokken skaam, skrik vir niks soos die fokken son  
Dik fokken gees  
Die Ninja moves free  
From the zef side to the overseas  
Skop ek kak gevaarlike poetry  
[?] love is dark, but light reveals the shape of things at night

[Hook: Ninja]

Hello all my liewe maatjies  
(Our zef flows get so deep, Die moederfucking Antwoord het jou lief)  
All my gangsters, all my laaties  
(Our zef flows get so deep, Die moederfucking Antwoord het jou lief)  
Hello all my liewe maatjies  
(Our zef flows get so deep, Die moederfucking Antwoord het jou lief)  
All my blacks, all my coloureds, all my whities  
(Our zef flows get so deep, Die moederfucking Antwoord het jou lief)
