## Diffuser, Breakaway

Another birthday passed me by
I think I finally see
It's time to move out and move on
To bigger and better things
All the stars shine so bright
Maybe I should pack my things and fly into the sky

I just gotta breakaway I just wanna breakaway

I've fallen face down in the mud
I never even slipped
Maybe I'm too old to know
I'm more than just a kid
All the stars shine so bright
Maybe I should pack my things and fly into the sky

I just gotta breakaway I just wanna breakaway And get back on my feet A little everyday

Came to a fork stuck in the road
My mind is crystal clear
I know exactly where to go
Anywhere but here
All the stars shine so bright
Maybe I should pack my things and fly into the sky

I just gotta breakaway I just wanna breakaway I just gotta break away And get back on my feet A little everyday
