

Digit All Love, Will You Dare

Keep your eyes near your mind.
Don't believe in these signs, that he left.
It's not for us.
It's not our time.
It's not our beat to keep it
alive.
Breathe.
I'll be there with my stolen sins
I'll be there with my stolen fears.
I'll be there,
breathe.
Keep your eyes near your mind
Don't believe in these signs.
What he left is not for us.
Don't believe.
I'll be there with my stolen sins.
And I'll be there with my stolen fears.
Will You dare
Will You dare
Will You dare
to breathe
