

Diplo, Heartbroken (ft. Jessie Murph & Polo G)

Used to pray for rain just to stay inside
You wouldn't believe it, every move I made I was terrified
Thought that every road I took had a bitter end
I just couldn't see it
I convinced myself trying to trust again

Would be like trying to make a river run upstream
Trying to make a mountain into a valley
That's what your love does to me
You make me feel...
Like I never had my heart broken
Like I never saw a door closing
Like I never watched love run away on fire in the night like a pack of wild horses
Like I never felt the tears rolling
Like I never said here's hoping
I could find me someone whose good at being real
Who can make me feel wide open
Like I never had my heart broken

You make me feel like I've never been too much to handle
Roll the dice you know love is a gamble
Feel like I always had the poorest examples
Like fire in your heart
I'm tryin to relight that candle
My cinderella, no questioning this shit forever
Pain in written letters, sheddin' tears while we sit together
Forget the pressure, know I love hard I'm sick of lectures
Stuck in rainstorms I could get used to this different weather
Broken pieces that was all I had, girl I promise now you all I got

Like I never had my heart broken
Like I never saw a door closing
Like I never watched love run away on fire in the night like a pack of wild horses
Like I never felt the tears rolling
Like I never said here's hoping
I could find me someone whose good at being real
Who can make me feel wide open
Like I never had my heart broken

Like I never had my heart broken
Like I never saw a door closing
Like I never watched love run away on fire in the night like a pack of wild horses
Like I never felt the tears rollin
Like I never said here's hoping
I could find me someone whose good at bein real
Who can make me feel wide open
Like I never had my heart broken
