

Dissolve, Aquarius

Aquarius is the age of love full of hope
Is the time of peace, strong believe
Aquarius is the nature calm, planet's voice
For independent modern world
Aquarius is state of mind on every plane
Is a chance to go a better way

Try to dissolve
Dissolve
Try to dissolve
Dissolve
(Aquarius, Aquarius)

You wanna know
How to connect with your mother nature
What to do finally take your stress away
How to like in harmony and empathy
And when the time of respect comes
I know it's hard to stay in peace together
But the New Age can make it forever
Forever

Try to dissolve
Dissolve
Try to dissolve
Dissolve
(Aquarius, Aquarius)
