

Disturbed, God Of The Mind

Na Ha-nha

Get in get in get in get into now
Get in get into come take over me
[x3]
Get in get in get in get into now
Get on get into like me

Time, not having an easy time
Never gonna have an easy time
Given the run around to me
I can feel it coming around again

Time, a changing a wasting
Come and get up in my face again.yes
Time ,given the run around to me

And I'm not having an easy time
Never having an easy
You know this time it has never gone easy
Time never having an easy
You'll never meet another like me

Get in get into like me like me
Get in get into like me like me
Get in get into lie to me like me
Get into like me like

[Repeat all above]

Get Ready
Time never gonna die
Never gonna give into me
You want a Deity like me
You want a God
But you're never gonna give into me
Want a Deity like me

Time, Get it Get it
Time, is just another God Of The Mind
Time, get it get it
Time, is just another God Of The Mind

Time, Never having an easy
You know this time it has never gone easy
Time, never having an easy
You'll never meet another like me
