Time, not having an easy time Never gonna have an easy time Given the run around to me I can feel it coming around again

Time, a changing a wasting Come and get up in my face again.yes Time ,given the run around to me

And I'm not having an easy time
Never having an easy
You know this time it has never gone easy
Time never having an easy
You'll never meet another like me

Get in get into like me like me Get in get into like me like me Get in get into lie to me like me Get into like me like

[Repeat all above]

Get Ready
Time never gonna die
Never gonna give into me
You want a Deity like me
You want a God
But you're never gonna give into me
Want a Deity like me

Time, Get it Get it Time, is just another God Of The Mind Time, get it get it Time, is just another God Of The Mind

Time, Never having an easy You know this time it has never gone easy Time, never having an easy You'll never meet another like me
