Disturbed, Inside The Fire

Ohh Devin, won't go to heaven She's just another lost soul about to be mine again Leave her, we will receive her It is beyond your control, will you ever meet again?

Devin, one of eleven Who had been rendered unwhole as a little child She was taken and then forsaken You will remember it all, let it fill your mind again

Devin lies beyond this portal Take the word of one immortal

Give your soul to me for eternity Release your life to begin another time with her End your grief with me, there's another way Release your life, take your place inside the fire with her

Sever, now and forever You're just another lost soul about to be mine again See her? you'll never free her You must surrender it all if you'd like to meet again

Fire, all you desire
As she begins to turn cold and run out of time
You will shiver till you deliver
You will remember it all, let it fill your mind again

Devin lies beyond this portal Take the word of one immortal

Give your soul to me for eternity Release your life to begin another time with her End your grief with me, there's another way Release your life, take your place inside the fire with her

Give your soul to me for eternity Release your life to begin another time with her End your grief with me, there's another way Release your life, take your place inside the fire with her

Ooh Devin, one of eleven Who had been rendered unwhole as a little child She was taken and then forsaken You will remember it all, let it fill your mind again
