

Disturbed, Perfect Insanity (Demo)

Come inside and be afraid,
Of this impressive mess I've made
If you take a look now you will find,
I have thrown away my vice,
Done away with paradise,
See what's going on inside my mind
Please let me out!
Please let me out!
Please let me!

Branded like an animal!
I can still feel the burn in my mind!
I do believe that you've made your message clear!
I think I'm losing my mind, I think I'm losing my mind!
Depriving, isolating, all that I feel,
Leaving me with images I know are not real,
Are those words of condemnation that I hear!
I think I'm my mind, I think I'm losing my

Come inside now I implore
Do you think you can restore,
The crucial pieces missing from my brain?
What seems to be the matter dear,
Why do you cry and shake with fear?
I've only had the best of me insane!
Please let me out!
Please let me out!
Please let me!

Branded like an animal!
I can still feel the burn in my mind!
I do believe that you've made your message clear!
I think I'm losing my mind, I think I'm losing my mind!
Depriving, isolating, all that I feel,
Leaving me with images I know are not real,
Are those words of condemnation that I hear!
I think I'm my mind, I think I'm losing my

I don't know how much I can take
The secret thoughts inside me wake
I've lost what was within me
Oh sweet insanity

I don't know how much I can take
The secret thoughts inside me wake
I've lost what was within me
Oh sweet insanity

Now I try again to find
The thing that was my mind!
Behold the other side!
Who said I've lost my mind
I try again to find
The thing that was my mind!
Behold the other side!
Who said I've lost my mind,
I've lost my mind, I've lost my mind,
I've lost my mind, I've lost my mind,
I've lost my mind, I've lost my mind,
I've lost my mind, I've lost my mind,
I've lost!
Mind, I've lost my mind,
I've lost my mind, I've lost my mind,
I've lost my mind, I've lost my mind,

I've lost my mind, I've lost my mind,
I've lost my mind!
