

# Disturbed, Remember

Sensation washes over me  
I can't describe it  
Pain I felt so long ago  
I don't remember  
Tear a hole so I can see  
My devastation  
Feelings from so long ago  
I don't remember

Holding on, to let them know  
What's given to me, given to me  
To hide behind  
The mask this time  
And try to believe

Blind your eyes to what you see  
You can't embrace it  
Leave it well enough alone  
And don't remember  
Cut your pride and watch it bleed  
You can't deny it  
Pain you know you can't ignore  
I don't remember

Holding on, to let them know  
What's given to me, given to me  
To hide behind  
The mask this time  
And try to believe

If I can  
Remember  
To know this will  
Conquer me  
If I can  
Just walk alone  
And try to escape  
Into me

[whispering:]  
Sensation washes over me  
I can't describe it  
Pain I felt so long ago  
I don't remember

I'm just holding on, to let them know  
What's given to me, given to me  
To hide behind  
The mask this time  
And try to believe

If I can  
Remember  
To know this will  
Conquer me  
If I can  
Just walk alone  
And try to escape  
Into me  
into me  
into me
