

Divine, My Love

Chorus

When you know she can't be found
Through those times you're feeling down so
You know my love, my love, my love will be around
Anytime you need a friend and your girl won't let you in
You know my love, my love will be right here
Everytime I see you with tears in your eyes
I get so upset, because I know in my mind she's why your down
But I can't say one word, 'cause I know you know
That your girl is hurting you, you need to let her go

Bridge

She never wants to be around in your trying times
But I'ma let you know that I'll be there for you
When you know she can't be found
Through those times you're feeling down so
You know my love, my love, my love will be around
Anytime you need a friend and your girl won't let you in
You know my love, my love will be right here
Everytime I see you kissing her so sweet
I get so mad, 'cause she don't deserve all the love that she receives
But it's not my place to ruin your happiness
'Cause if you tell me that it's love, then why are you never happy

Bridge

When she hurt you, it hurt me too to see her put you through this pain
But I'ma let you know, that I'll be there for you
When you know she can't be found
Through those times you're feeling down so
You know my love, my love, my love will be around
Anytime you need a friend and your girl won't let you in
You know my love, my love will be right here
