

# Dizzee Rascal, Bonkers

I wake up everyday its a daydream  
Everythin in my life isnt what it seems  
I wake up just to go back to sleep  
I act real shallow but Im in to deep  
And all I care about is sex and violence  
And a heavy bass line is my kind of silence  
Everybody says I got to get a grip  
But I let sanity give me the slip  
Some people think Im bonkers  
But I just think Im free  
Man Im just living my life  
There nothing crazy about me  
Some people pay for thrills  
but I get mine for free  
Man Im just living my life  
There nothing crazy about me  
(Bonkers)
