

Dizzee Rascal, Love This Town (ft. Teddy Sky)

I go hard in the city of London
I get a lot of love, all smiles when I step in the function
I?m a local boy, I?m from the east side
Nah I?m jet settin, I?m reppin, I?ll do it worldwide
When I was a kid there was a rough ride
Barely had the money for a bus ride, now I?m on the upside
Having a ball with all the riders I grew up with
A couple of women I?m in the clock with
Bottle the bubbly, feeling lovely are hugging me
Nobody could tell me nothing and nobody can never talk with me
It?s so good, girl pushin them vibes
For the most part everybody?s just tryna live their lives
We?re not afraid to die, only the strong survive
You don?t know if you don?t try, the stakes are high
And it?s the city where I earned my crown
God knows that I love this town

The city lights are extra bright
They shine for us tonight
The streets are so alive right now
I fuckin love this town
Just me by you, I?m not going round
And show you how peeps step out
The streets are so alive right now
I fuckin love this town

It?s just one big no import
Every creep color and race, we got the luck
And the love to shop, it?s not a brand new coffe cup
No more than a couple of stops
Where should I begin?
My semi in the west side getting it in
My semi on the north side getting the trim
Southside to the river in a race car having a spin, I just win
And I?m never gonna lose with the city to guide me
Got the fire but the city inside me and the streets are lively
Got a whole lot of love for connect
It?s 7 million people behind me, don?t try me
?Cuz right now we?re gonna rave you up
Set the roof on fire and blaze it up
And we?re in it to win it
There?s no limit so we raise it up
We?re gonna torch this whole place up

The city lights are extra bright
They shine for us tonight
The streets are so alive right now
I fuckin love this town
Just me by you, I?m not going round
And show you how peeps step out
The streets are so alive right now
I fuckin love this town

I fuckin love this town

The city lights are extra bright
They shine for us tonight
The streets are so alive right now
I fuckin love this town
Just me by you, I?m not going round
And show you how peeps step out
The streets are so alive right now
I fuckin love this town
