## DJ Bobo, Party Delight

## Chorus:

Its really getting hot tonight
Well dance into the morning light
Get up stand up dont stop the party delight

## Verse 1:

Its saturday, its saturday night We go to dance just to feel alright Lets come together and stay up late Release the pressure and celebrate Theres gonna be a party going on You know the night has just begun Let the music blow your mind And leave your troubles all behind

## Verse 2:

We feel the beat, you need to move on up The heat is on, so give me all you got Just come on down, down to funky town This is the time and we felling fine, yeah Everybody see, people jammin on You know the night has just begun Let the music blow your mind And leave your troubles all behind
