

# DJ Cassidy, Calling All Hearts (ft. Robin Thicke, J

Calling All Hearts  
To the dancefloor, tonight!  
Let love start  
Let love start!

Calling all party people in the place to be  
We gonna celebrate tonight  
And rock out with the family  
Here we go

Calling all hearts to the dancefloor  
Tonight, let love start  
On the dancefloor, tonight  
Let's go

I got a feeling everybody need a reason to shout  
Leave all your problems and your drama at the door and get down  
This is where we all unite  
If we get it right, we gonna light up the sky  
At this place, in this time  
We gotta let go, 'cause it's great

Calling all hearts to the dancefloor  
Tonight, let love start  
On the dancefloor, tonight

Go a little harder with your partner  
Heat it up in this place  
It's ok to make up  
If you take up, put a smile on your face  
This is very all you and I  
We gonna groove  
We gonna move into the night  
Have this amazing time,  
You gotta let go cause it's alright

Calling all hearts to the dancefloor  
Tonight, let love start  
On the dancefloor, tonight

If the feeling's tonight  
Then I'm calling all hearts, you can call in all hearts,  
A celebration of love  
Then I'm calling all hearts, you can call in all hearts,

One, two, three, go  
Shake it, shake it down tonight  
That's right  
Shake it down, shake it down, that's right  
Shake it, shake it down tonight  
That's right  
Shake it down, shake it down, that's right

Dance a little bit more just dance a little bit more  
Come all night come together,  
Move a little bit more  
Come all night,

Calling all hearts  
To the dance floor  
You gotta let it stop  
Back to the dance floor tonight  
To the dance floor  
Then I'm calling all hearts

I'm calling everybody,  
I'm calling everyone  
I'm calling everybody, get you  
Tonight is the night, tonight is the night  
I'm calling all hearts /4x

I rock tonight  
Calling all hearts  
Calling all hearts, hearts, hearts
