don't make me crazy
you bed won't take it
don't start that fuego
I can't fight my DNA
loca

alright, then
just one touch
I;ma get a lick
commence
and she stop
she go loopy
but tell her, I am in love
and I miss her
in my ride back home

taking a roam
like a film
wanna jog
she fallin' in love
with the way
how I do it
and I must love the way
oh, she just can't
leave me alone

crazy because she
pick up the phone
she will call up simone
and I tell her she moan
I go naughty zone
think me a clone
let me give you the bone
no, she after 3 round
get me the crown
