

Djerv, Madman

Jump the gun. Never ending madness.
You know who's soon to appear.
Your vote, you left it, you filthy scum.
I don't see why you are here.
I know the end to this. I know the end to this.
Now, why would I let you in.
A sting of death.
Now why would I let you in.

You got the grin. Now put your mind into it then you are in.
Down. Sword in your hand, and draw it. Fight or fall. Do as I command.

Tear'em down. Put the fattie on fire. Tension is a killer and that girl is tense.
When my mouth is moving, yours doesn't, you fool. One day wonder. Suck it up. It's cruel.
I can't believe you madman. You brought la Diabla in a van.
Now, why would I let you in.
Delivery man.
That's why I will let you in.

There you were years ago. I'm always here to let you know.
You want ever see the entrance to my wonderworld.
I'll let you go.
