

# Doda, Bright Lights (wersja angielska)

Do you know?  
You have a better like it's  
'N I don't wanna say goodbye  
'N everything goes better like home  
'N everything you wanna up high  
For the life stand up on my feelings  
'N I still wanna do you right?  
I don't thing you wanna be my lover  
But I still wanna keep your mind

You've gotta be brave  
Bright lights 'n turn my eyes  
You make me on a standing in rain  
Bright, bright lights  
Shining spot  
'N now I'm feeling smiling in pray

Bright lights 'n turn my eyes  
You make me on a standing in rain  
Bright, bright lights  
Shining spot  
N now I'm feeling smiling in pray
