

# Doda, Not Over You

Ever since I saw you, I saw you last night,  
You been on my mind, on my mind,  
Alright.  
You were looking good, looking fine, looking better,  
Without me, so I took a shot of that Liquor yeah

I can't explain it,  
I try to fake it,  
Act Like I'm cool,  
Coz It's been a while.

My heart is racing,  
then turns to breaking,  
Oh I'm so blue,  
I'm still not over...

You , you  
Oh, I'm so blue  
I'm still not over you.

Oh my mistake, my mistake, baby.  
Should never have let you go.  
I don't know what I was thinking.  
Never done no wrongs, done me good,  
Done me right.  
Now I'm the one, who needs time, to cry

I can't explain it,  
I try to fake it,  
Act like I'm cool,  
Coz It's been a while.

My heart is racing,  
then turns to breaking,  
Oh I'm so blue,  
I'm still not over...

You , you  
Oh, I'm so blue  
I'm still not over you..

No, I'm not over, no no  
No, I'm not over you  
No, I'm not over...  
I'm still not over you.

Oh babe I miss ya,  
Oh I wantcha back

I can't explain it,  
I try to fake it,  
Act Like I'm cool,  
Coz It's been a while,

My Heart is racing,  
Then turns to Breaking,  
Oh I'm so blue  
I'm still not over you...
