

Doda, Waterfalls

I didn't have a chance to see this coming
Going through the motions on my own
Somewhere in the darkness
Oh, I saw you
Now I've got a feeling I used to know

You were alone
Night without stars
Cold as a stone
Just as I was
So hold
Hold on to love
I don't need a lie
Just don't let this die

I'm falling like a waterfall now
Take me as I am
I just want a love that's real now
So don't you let me down
Don't you let me down, yeah

There's something 'bout silence
That hits with a violence
So work with me let's drown it out
When I first met you
You lit up the darkness
So bright
So bright

We're not alone
At night without stars
Home of our own
Just as it was
So hold
Hold on to love
I don't need a lie
Just don't let this die

I'm falling like a waterfall now
Take me as I am
I just want a love that's real now
So don't you let me down
Don't you let me down, yeah

I'm falling like a waterfall now
Take me as I am
I just want a love that's real now
So don't you let me down
Don't you let me down, yeah
