

# Dog Eat Dog, Rocky

You're just like the kid next door  
Still too young and immature  
You always seem to hang around  
When you're not wanted you're always found

Why do you embarrass me (why me)  
So everyone can see (can see)  
Us duke it out on live TV

Hey, Rocky, I hate to say  
I wish you would just go away  
Don't come back another day, OK

Hey, Rocky, I hate to say  
I wish you would just go away  
Don't come back another day, OK

What did you come here for  
Don't wanna be insecure  
It's about time that you went home  
So go away leave me alone

Why do you embarrass me (why me)  
So everyone can see (can see)  
Us duke it out on live TV

Hey, Rocky, I hate to say  
I wish you would just go away  
Don't come back another day, OK

Hey, Rocky, I hate to say  
I wish you would just go away  
Don't come back another day, OK

Rocky, I hate to say  
I wish you would just go away  
Don't come back another day, OK

Hey, Rocky, I hate to say  
I wish you would just go away  
Don't come back another day, OK
