

Dogs Damour, Princess Valium

Destiny angel, her breath smelt of mine
My skin of wild turkey, oh, lipstick and wine
This land has 98,000 dollars of pain, yeah
Happily living together behind a stain, yeah, yeah, yeah, yeah, yeah
Oh, yeah, yeah, yeah
Dorothy was an angel, we gave her that name
Princess penetration, yeah, the goddess from the fourth floor
With her coffee and crisps, sex for a laugh
We get letters from Tucson 200,000 years ago, oooh
Yeah, yeah, here she comes
Princess Valium (Princess Valium)
Oh, on a stallion, yeah (on a stallion)
Through the panavision sunset of my heart
Princess Valium (Princess Valium)
Oh, on a stallion, yeah (on a stallion)
Through the panavision sunset of my heart
On a clear day I can hear you destroy yourself
On a sincere day I can hear you pourin out your heart
Oh, into a glass of redskin wine
It tastes
Oooh, yeah, yeah, yeah, yeah, yeah, yeah, yeah, oh, oh
If the sun was white
Princess Valium (Princess Valium)
Oh, on a stallion, yeah, yeah, yeah (on a stallion)
Through the panavision sunset of my heart
Princess Valium (Princess Valium)
Oh, on a stallion, yeah, yeah (on a stallion)
Through the panavision sunset of my heart, yeah, oh, oh, oh, oh
Princess Valium
Princess Valium
Princess Valium
Princess
