

# Dolly Parton, Brave Little Soldier

(Dolly Parton)

I'm a brave little soldier  
I must be bold and strong  
A brave little soldier  
And I must carry on  
I'm a brave little soldier  
A brave little soldier  
I'm a brave little soldier  
I must fight, I must win  
I'm a brave little soldier  
Through hell and back again  
I'm a brave little soldier  
A brave little soldier  
Per rum, pum, pum  
Per rum, pum, pum  
Per rum, pum, pum, pum, pum

Ye though I am marching through the valley filled with fear  
My steps are sure and sturdy and my aim is straight and clear  
The enemy is stalking me just waiting for the kill  
Like David slewed Goliath  
I will claim this battle field

I'm a brave little soldier  
I must do what I can  
I'm a brave little soldier  
And I must take a stand  
I'm a brave little soldier  
A brave little soldier

Marching, marching onward  
Searching out the light of truth  
I did not start the war  
But it's a battle I can't lose  
Faith will be my armor  
And love my sword and shield  
I must defeat the enemy  
I will, I will, I will

A brave little soldier  
I must be bold and strong  
A brave little soldier  
And I must carry on  
A brave little soldier  
A brave little soldier

I'm a brave little soldier  
A brave little soldier  
Brave, little soldier
