

# Dolly Parton, Come Back To Me

(Dolly Parton)

Come back to me  
Come back and say you're still in love with me  
Come back and say that I am all you'll ever need  
Baby come back come back to me  
Oh please come back to me  
Come back and say you'll work it out with me  
Come back to stay and say you're never gonna leave  
Baby come back, come back to me

Oh and kiss me once again as only you can  
Touch me like nobody else can do  
Oh, oh, and hold me and show me you're still my man  
And that you didn't need somebody new

Oh come back to me  
Come back and hold this torch that's burning me  
Come back and promise me eternity  
Baby come back, won't you come back to me?

Kiss me once again as only you can  
Touch me like nobody else can do  
Oh, oh, oh, and hold me and show me you're still my man  
And that you didn't need somebody new

Oh, come back to me  
Come back and mend this broken heart in me  
Without your love I know I'll never be complete  
Baby come back, won't you come back to me

Oh please come back to me  
Baby come back, baby come back to me  
Baby come back, come back and say I'm all you need  
Come back, won't you come back to me

Come back to me  
Come back and say you're still in love with me  
Come back and say that I am all you'll ever need  
Baby come back won't you come back to me

Oh, please come back to me  
Come back and hold this torch that's burning me  
Come back and promise me eternity...
