Dolly Parton, High Sierra

Chorus:

I've been higher than the high sierra Lower than Death Valley must be I've been right, mostly wrong Wrong about you, right about me

The way I feel, can't explain
So much passion turned to pain
The sun still shines most of the time
Did you know the sun shines when it rains

Repeat Chorus

I've been cussed and I've been praised And I've been nothing these days But I'll come back, time will see If I'm wrong about you, right about me

Repeat Chorus
