

# Dolly Parton, Hold Me

It's you that I run to whenever I need to darling you console me  
When trouble surrounds me when bad times have found me  
Just reach out your arms and hold me hold me hold me  
Darling please treat me in your arms of safety  
Reach out your arms and hold me hold me  
When my feelings are showing when my tears are flowing  
Just reach out reach out and hold me hold me hold me  
You know all of my needs you fill them completely you know that you control me  
I depend on your loving without you I'm nothing  
So reach out your arms and hold me hold me  
Darling please treat me in your arms of safety  
Reach out your arms and hold me hold me  
When life is demanding when I need understanding  
Reach out reach out and hold me hold me hold me hold me
