

Dolly Parton, Life's Like Poetry

(Dolly Parton)

Life's like poetry and in my poem bay
Until now there's always been a missing line
You know life's too short to hide a good thing you feel
And I find the morning after
Is the best time to determine if it's real
Baby, finding you gave my whole world reason to rhyme
Cause life's like poetry and in my poem bay
Until now there's always been a missing line
Life's too short to think about right or wrong
And the only thing I wonder 'bout
Is where you been so long
Cause baby finding you gave my whole world reason and rhyme
And life's like poetry and in my poem bay
Until now there's always been a missing line
Until now, there's always been a missing line
