

# Dolly Parton, Love With Feeling

(Porter Wagoner)

When your heart feels like a feather in a whirlwind  
And you see stars in the middle of the day  
And you feel so light you could fly  
And you think that any moment the slightest breeze might blow you away  
That's love you're feeling  
That's love with feeling  
Touching, tender love inside your soul  
That's love you're feeling  
This love with feeling  
That takes you away on love wings of solid gold

When you're all alone  
And each minute seems like eternity

As thoughts of love come rushing through your mind  
In the middle of the night  
You feel it kiss you while your alone  
Don't be alarmed its only this love of mine

That's love you're feeling  
That's love with feeling  
Touching, tender love inside your soul  
That's love you're feeling  
Oh, that's love with feeling  
That takes you away on love wings of solid gold

That's love with feeling  
Love with feeling
