

# Dolly Parton, She Don't Love You (Like I Love You)

(Jerry Butler/Calvin Carter/Curtis Mayfield)

She don't love you like I love you  
Cause if she did she wouldn't break your heart  
She don't love you like I love you  
She's tryin' to tear us apart

Fairly well I know you're leavin'  
For the new love that you found  
The pretty girl that you've been dating  
Oh I've got a feeling she's gonna put you down

Cause she don't love you like I love you  
Cause if she did she wouldn't break your heart  
She don't love you like I love you  
She's tryin' to tear us apart

She uses all the great quotations  
She says all the things I wish I could say  
But she's had so many rehearsals  
Oh, to her it's just a lover's play

But wait when the final act is over  
And you're left standin' all alone  
When she takes her bow and makes her exit  
Oh, well I'll be there to take you home

She don't love you like I love you  
Cause if she did she wouldn't break your heart  
She don't love you like I love you  
She's tryin' to tear us apart
