

# Dolly Parton, Sounds Of Nature

I can hear the rippling water falling gently  
From the waterfall that I have found  
From the meadow I hear meadowlarks a singing  
Seems there's sounds of nature all around

I can hear the wind go whistling through the treetops  
I hear raindrops falling softly to the ground  
In the distance I can hear the roar of thunder  
Seems there's sounds of nature all around

Sounds of nature fill the air with music  
How I love and cherish every sound  
I often kneel in prayer to thank the Master  
For the sounds of nature all around

In a barren tree a lonesome dove is calling  
For its mate that's nowhere to be found  
In the garden I hear honeybees a humming

Sounds of nature fill the air with music...  
Seems there's sounds of nature all around
