

Dolly Parton, Think About Love

(Dolly Parton)

I can't forget you
Ever since the moment that I met you
You've been on my mind
And I need to somehow let you know
That I think about you all the time

So when you think about love, think about me
I can give you more than you'll ever need
Sooner or later every heart needs some company
When you think about love, think about me
When you think about love, think about me

We were strangers
Now I'm already wrapped around your finger
Oh what's a heart to do
'Cause it lingers
And the thought of you
Wantin' me as much as I want you

So when you think about love, think about me
I can give you more than you'll ever need
Sooner or later every heart needs some company
When you think about love, think about me
When you think about love, think about me

Makes me blue
I'm not holding you tonight
Cause only you can satisfy
This heart of mine

So when you think about love, think about me
I can give you more than you'll ever need
Sooner or later every heart needs some company
When you think about love, think about me
When you think about love, think about me

So when you think about love, think about me
I can give you more than you'll ever need
Sooner or later every heart needs some company
When you think about love, think about me
When you think about love, think about me
