

# Don Diablo, Heaven To Me (ft. Alex Clare)

I promise i won't waste your time  
leave it up to me  
and now I'll blow your mind  
I know the moment when you set me free  
coz i was in hell and back  
and this look like heave to me

coz I've seen some lows and highs  
million miles away  
more then once or twice  
coz i was in hell and back  
and this look like heave to me

Heaven to me  
Heaven to me  
Heaven to me  
Heaven to me  
Heaven to me  
Heaven to me  
Heaven to me

coz i was in hell and back  
and this look like heave to me  
coz i was in hell and back  
and this look like heave to me

I'm standing, all cloud down  
take away the gravy  
and leave mi with sunshine  
I can believe,  
I feel finally  
coz i was in hell and back  
and this look like heave to me

I've seen the darkness days  
that's how I know this is the time and place  
and you're the only one to set me free  
coz i was in hell and back  
and this look like heave to me

Heaven to me  
Heaven to me  
Heaven to me  
Heaven to me  
Heaven to me  
Heaven to me  
Heaven to me

coz i was in hell and back  
and this look like heave to me  
coz i was in hell and back  
and this look like heave to me
