

DONATAN i CLEO, Slavica

Cleo, Donatan
Oh, słowiański, słowiański sen

We're Slavic girls
We know how to use our charming beauty
Now, shake what your mama gave, ya!
Clap your hands to this music
This is our nature
This is our call
This is our hot Slavic blood
/2x

We're complicated like a Rubik's Cube
Surprising as a Matryoshka
Reliable like a kalashnikov
Warming as a vodka

Shake what your mama gave, ya! /2x

We're Slavic girls
We know how to use our charming beauty
Now, shake what your mama gave, ya!
Clap your hands to this music
This is our nature
This is our call
This is our hot Slavic blood
/2x

We're like the busy bees flying over our fields
Sweeter than the honey
Sharp like the saber from my battlefields
Vibrant as our patters

Shake what your mama gave, ya! /2x

Work your back
Popin? like that
/2x

We're Slavic girls
We know how to use our charming beauty
Now, shake what your mama gave, ya!
Clap your hands to this music
This is our nature
This is our call
This is our hot Slavic blood
/2x
