

# Donna Summer, I Will Go With You

Stranded alone on a sea of emotion you found me  
Your love was a light in the darkness that shone so profoundly  
Stay, would you stay  
Do not be afraid  
Afraid...  
You, you are my breath, the air I breathe  
You are my imagination  
Tu, le finesse, song of my heart  
Secrets I'm not afraid to whisper  
Con te partiro  
I'll go where you lead me  
Wherever you are  
Forever and ever we'll stay  
In love together  
I will go with you  
I'll go where you lead me  
Forever true  
Forever and ever we'll stay  
In love together  
Stranded alone on a sea of emotion you found me  
Yes, you who first found me come here, come here  
Put your arms around me, come here  
You who surrounds me, come here, come here, come here, come here  
You, you are my breath, the air I breathe  
You are my imagination  
Tu, le finesse, song of my heart  
Secrets I'm not afraid to whisper  
I will go with you  
I'll go where you lead me  
Forever true  
Forever and ever we'll stay  
In love together  
Con te partiro  
I'll go where you lead me  
Wherever you are  
Forever and ever we'll stay  
In love together  
I will go with you  
I'll go where you lead me  
Forever true  
Forever and ever we'll stay  
In love together  
Con te partiro  
I'll go where you lead me  
Wherever you are...  
I will go with you  
I'll go where you lead me  
Forever true...  
In my heart...
