

Donovan, Car Car

Car Car

I'll take you riding in my car car
Take you riding in my car car
Take you riding in my car car
Riding in my car.

Boys and girls sing a little song
Boys and girls you sing a little song
Boys and girls sing a little song
When you're riding in my car.

The horn goes beep beep
Horn goes beep beep
Horn goes beep beep
When you're riding in my car.

Engine goes brrr brrr
Engine goes brrr brrr
Engine goes brrr brrr
When you're riding in my car.

I wanna sit in the back seat
I wanna sit in the front seat
Front seat, back seat
When you're riding in my car.

Tell you what I do, I drive so fast
Tell you what I do, I drive so fast
Tell you what I do, I drive so fast
Riding in my car.
