Doro, Cryin'

You like to play with me you drive me wild you hurt me really deep and I don't know why It seems to me that I'm a long long way from home

I went too far on the road to nowhere It's you and me in a living nightmare I gave up everything just to stay close to your heart

You make me haul like the wind I don't know how you got under my skin

Crying, shake it up
If I cry like a baby
Does it do it for you
Crying, ain't enough
If I cry till forever
Will I ever get through

I see the trouble and I feel the danger Is my heart beating for a heartless stranger

Just say a word and make me see the things I don't understand

I'm freezing cold and its getting colder I'm losing hope I can't wait no longer If I could read your mind I wouldn't come around here no more

You better know that I'm losing my head And when I go love will never come back

REPEAT CHORUS:

You gotta know that you pushed me to far You'll soon know how that feels I tell you now: there's only one way out My last chance is, I turn it around

REPEAT CHORUS:
