

Doro, Desperately

You like to play with me
you drive me wild
you hurt me really deep
and I don't know why
it seems to me that I'm a long, long way from home
I went too far on the road to nowhere
it's you and me in a living nightmare
I gave up everything just to stay
close to your heart
You make me haul like the wind
I don't know how you got under my skin
Crying, shake it up
if I cry like a baby
does it do it for you
crying, am I enough
if I cry till forever
will I ever get through
I see the trouble
and I feel the danger
is my heart heating for a heartless stranger
just say a word and make me
see the things I don't understand
I'm freezing cold
and it's getting colder
I'm losing hope
I can't wait no longer
If I could read your mind
I wouldn't come around here no more
You better know that I'm losing my head
and when I go love will never come back
Repeat chorus
You gotta know' that you pushed me too far
you'll soon know how that feels
I tell you now there's only one way out
my last chance is, I'll turn it around
Repeat chorus
