Doro Pesch, Creep Into My Brain

Laying low on money And I'm on the run Don't know anybody I can lean on

No help in sight no And no one gets the phone I call for help And no one knows what's going on

Chorus:

And I keep on running
Cause eye to eye
I feel your influence
And I fear I'm gonna die
And I've seen it coming lie by lie
I feel you creep into my brain
And I'm hypnotised
Feel like I'm hypnotised

When I met my lover
I must have been blind
I went straight to the gutter
And I don't mind

Yeah it took a long time To open up my eyes But in the long run All I heard were only lies

Chorus:

Eye to eye Lie by lie Feel like hypnotised
